

"My kids wanted to watch this again and again! I love knowing that it's educational and fun!"
 --Kim Rizzo, Mom of three

What Makes A Fish A Fish?

The *Dive Into Your Imagination* series entertains and educates children about the amazing natural world in the oceans.

"What Makes A Fish A Fish" teaches children about astounding fish from around the world. How do fish take a bath? Learn the truth about sharks. Play hide and seek on the reef. The underwater realm provides boundless opportunities for parents to learn and laugh with their children. An upbeat original score celebrates the ocean and brings it to life.

Annie Crawley traveled the world as an underwater photographer, dive instructor and boat captain for more than 15 years. Annie wants children and their parents to fall in love with all the animals of the sea, because we protect what we love. "These fishes are better than cartoons, you'll see!"
